Southwest REC exists to partner with school districts in southwest New Mexico to provide educational and support services for teachers and administrators who directly affect the educational opportunities of their students.

We serve the school districts of Animas, Cobre, Deming, Hatch Valley, Lordsburg, Reserve, Silver, and Truth or Consequences.
Our Medicaid Team also assists 44 charters (and counting!) with their MSBS program.

Why are you here?

Each one of you play a key role in Medicaid School –Based Services (MSBS) Program.

Understanding your role, as well as the roles of others, is beneficial to the program's overall success.

PROGRAM OVERVIEW

Healthy children & youth have a better chance of achieving academic, social, & personal success than their peers who are singled-out by a health concern or disability that impacts their ability to participate in school. Because of their position in the daily lives of children, youth, & their families, New Mexico schools are poised to offer unique advantages & opportunities that can help families access health information, medical & behavioral health services, & facts about Medicaid enrollment. Through the Medicaid School-Based Services (MSBS) program, New Mexico schools also offer key health & health-related services that are designed to integrate & maintain active learning for Medicaid-eligible children & youth with special education & health care needs.

The MSBS program was added in 1994 as a Medicaid-covered benefit for children & youth aged 3-20.
(Derived from: New Mexico Medicaid Guide for School-Based Services. August 2022)

PROGRAM OVERVIEW CONTINUED...

Through the MSBS program, schools are eligible to receive reimbursement for services provided to Medicaid-eligible students that receive services under the Individuals with Disabilities Education Act (IDEA) through an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP).

These services include:

- Audiology services
- Occupational, physical & speech therapies
- Mental health services
- Nursing services
- Transportation
- Nutritional assessments & counseling

Additionally, school districts are able to bill & be reimbursed for certain Medicaid-related administrative activities, such as conducting Medicaid-related outreach, facilitating Medicaid eligibility determinations, coordinating transportation to Medicaid-covered services, making referrals, coordinating & monitoring Medicaid services, & engaging in medical service program planning, policy development & interagency coordination.

School districts are able to use the money paid to them under the MSBS program to pay for health & health-related services benefiting all students, not just those who are Medicaid or IDEA eligible.

PROGRAM GOALS

Enrollment

Enroll students in the Medicaid Program.

Accessibility to Health Services

Increase access to comprehensive health services for children & youth through the MSBS program.

Maximize Financial Resources

Increase & maximize the financial resources available for school-based services.

Collaboration

Increase collaborative efforts between schools, families, community providers, & state agencies. Each partner has a defined role & exhibits commitment & accountability to the MSBS program.

Development & Implementation

Develop & implement standards for providing or linking comprehensive health services through the schools.

Develop & implement a long-range plan to ensure sustainability of a comprehensive MSBS program.

MSBS PROGRAM REGULATIONS

Appendix C: Covered Services

COVERED SERVICES: Medical Assistance Division's (MAD) covers the following services when medically necessary and rendered as part of an eligible recipient's IEP, IFSP, 504 plan, IHCP or other care plan by specified providers in school settings.

A. For services in Subsections A - E of 8.320.6.13 NMAC, a provider must first develop and then update the eligible recipient's present level of performance for each of his or her IEP or IFSP cycles. 504 plans, IHCPs or other care plans should be reviewed annually to establish ongoing medical necessity for services. MAD requires the following elements be included in the provider's treatment notes:

- (1) the specific activity provided to the MAP eligible recipient for each date of service billed;
 - (2) a description of the level of engagement and the ability of the eligible recipient for each date of service billed;
- and
- (3) the outcomes of session on the impact on the eligible recipient's exceptionality for each date of service billed.

MSBS PROGRAM REGULATIONS

Appendix C: Covered Services

B. To be reimbursed for a MAD school -based service, all of the requirements in this subsection must be met.

(1) Services must be medically necessary and must meet the needs specified in his or her IEP, IFSP, 504 plan, IHCP or other care plan. The services must be necessary for the treatment of the eligible recipient's specific identified condition.

(2) The ITP portion of the IEP, IFSP, 504 plan, IHCP or other care plan must be developed in conjunction with the appropriate qualified PT, OT, SLP, audiologist, RN, or behavioral health provider listed in 8.320.6.11 NMAC.

(3) The LEA, REC or other SFEA must complete a MAD specified good faith effort to notify the eligible recipient's PCP of the services to be provided under an IEP or IFSP.

(4) Frequency and duration of services billed may not exceed those specified in the eligible recipient's IEP, IFSP, 504 plan, IHCP or other care plan.

(5) Reimbursement is made directly to the LEA, REC, or other SFEA when therapy, licensed nutritionists or registered dietitians, transportation, case manager, or nurse providers furnish services under contract to the LEA, REC, or other SFEA.

MSBS PROGRAM REGULATIONS

Appendix C: Covered Services

C. Therapy services: MAD covers physical, occupational, audiological and speech evaluations, and therapy required for treatment of an identified medical condition that is part of an eligible recipient's ITP.

D. Nutritional assessment and counseling: MAD covers nutritional assessment and counseling when rendered by a licensed nutritionist or dietician for an eligible recipient who has been referred for a nutritional need when part of his or her ITP. A nutritional assessment consists of an evaluation of the nutritional needs of the eligible recipient based upon appropriate biochemical, anthropometric, physical, and dietary data, including a recommendation for appropriate nutritional intake.

MSBS PROGRAM REGULATIONS

Appendix C: Covered Services

E. Transportation services: MAD covers transportation services for an eligible recipient who must travel from his or her school to receive a covered service from a MAD provider when the service is unavailable in the school setting and when the service is medically necessary and are part of the eligible recipient's IEP or IFSP; see 8.324.7 NMAC. MAD covers transportation to and from the school on the date a medically necessary MAD school-based service is rendered in the school setting for an eligible recipient who has a disability.

(1) MAD school-based services are billed on the specific day on which transportation is rendered and are part of the ITP portion of his or her IEP or IFSP.

(2) The eligible recipient requires transportation in a vehicle adapted to serve his or her needs that are part of the ITP portion of his or her IEP or IFSP.

(3) Transportation occurs in a modified school bus for disabled students.

MSBS PROGRAM REGULATIONS

Appendix C: Covered Services

G. Nursing: MAD covers certain nursing services required for treatment of a diagnosed medical condition that qualifies an eligible recipient for an IEP , IFSP or IHCP when provided by a licensed RN or LPN. Nursing services require professional nursing expertise and are provided by a licensed RN or a LPN and must be provided in accordance with the New Mexico Nursing Practice Act and must be a covered MAD service. Delegated nursing services which are tasks in accordance with the New Mexico board of nursing that may be delegated by the RN to unlicensed school personnel. Delegated staff may include, but is not limited to, school or contracted staff, such as health assistants, teachers, teacher assistants, therapists, school administrators, administrative staff, cafeteria staff, or personal care aides.

- (1) The IHCP should be written by the RN in accordance with the NM DOH school health manual.
- (2) Delegated nursing services must be delivered in accordance with Subsection B of 16.12.2.12 NMAC.

H. Behavioral health services: MAD covers counseling, evaluation and therapy required for treatment of an identified behavioral health condition that is part of an eligible recipient's ITP.

I. Telemedicine services: MAD covers school-based services provided via telemedicine; see 8.3 10.2 NMAC.

MSBS PROGRAM REGULATIONS

Appendix C: Covered Services

J. Administrative activities: MAD covers the cost of certain administrative activities that directly support efforts to provide health-related services to a MAP eligible recipient with special education or health care needs. These administrative activities include, but are not limited to, providing information about MAD services and how to access them; facilitating the eligibility determination process; assisting in obtaining transportation and translation services when necessary to receive health care services; making referrals for MAD reimbursable services; and coordinating and monitoring MAD covered medical services.

(1) Payment for an allowable administrative activity is contingent upon the following:

- (a) the LEA, REC or other SFEA must complete a MAD PPA to become an approved school-based health services provider;
- (b) the LEA, REC or other SFEA must enter into a GSA with HSD and agree to abide by the terms and conditions of the GSA;
- (c) the LEA, REC or other SFEA must submit claims for allowable administrative activities in accordance with federal and state regulations, rules and guidelines.

(2) A provider or contractor coordination with the school or contractor or in consultation with principals, school counselors, or teachers are not billable as a service by the provider. The provider must consult with the school to determine if the school will include such activities in its contract with the provider or contractor. The school may not bill MAD separately for these services but can include the costs as administrative costs.

(3) Administrative claiming is subject to compliance reviews and audits conducted by HSD, the state Medicaid fraud control unit and the Centers for Medicare and Medicaid Services (CMS). By signing the MAD PPA, the LEA, REC or other SFEA agrees to cooperate fully with HSD, the state Medicaid fraud control unit and CMS in the performance of all reviews and audits and further agrees to comply with all review and audit requirements.

MSBS PROGRAM REGULATIONS

Appendix C: Non-Covered Services

NON-COVERED SERVICES: MAD school-based services billed in school settings are subject to the limitations and coverage restrictions that exist for other MAD services; see 8.301.3 NMAC. MAD does not cover the following services.

- A. Services classified as educational.
- B. Services to non-MAP eligible individuals.
- C. Services billed by a practitioner outside his or her area of expertise.
- D. Vocational training that is related solely to specific employment opportunities, work skills or work settings.
- E. Services that duplicate services billed outside the school setting unless determined to be medically necessary and MAD or its designee gave prior authorization for the service.
- F. Services not identified in the eligible recipient's IEP, IFSP, 504 plan, IHCP or other care plan.
- G. Transportation services listed below:
 - (1) transportation that a MAP eligible recipient would otherwise receive in the course of attending school;
 - (2) transportation for the eligible recipient with special education needs under the Individuals with Disabilities Education Act (IDEA) who rides the regular school bus to and from school with non-disabled children; and
 - (3) transportation of a minor aged child, such as a sibling of the eligible recipient who is simply accompanying the eligible recipient to a MAD service.

STEPS TO BECOMING A MSBS PROVIDER

01

Letter of Intent

- Submit a letter of intent to participate in MSBS program to HSD/MAD.

02

Governmental Services Agreement

- Sign contract with SWREC.

03

National Provider Identifier (NPI)

- Obtain federally-mandated ID number.

04

Provider Participation Agreement

- Submit a provider participation application to HSD/MAD.

05

Compliance with State & Federal Guidelines

- Compliance & adherence to these guidelines are critical to the effectiveness of the program.

06

Identification of Medicaid-Eligible Children

- Confirm the recipient's Medicaid eligibility prior to billing.

07

Medicaid Application Process & Presumptive Eligibility

- LEA or RECs should have Presumptive Eligibility Determiners (PEDs) on-site to screen for Medicaid eligibility.

SWREC REQUIREMENTS FOR MEDICAID BILLING

- MSBS contract with the SWREC
- Service Provider Information
- Student Information
- MSBS Participant Lists
- Financial Documentation
- Communication

MSBS CONTRACT WITH THE SWREC

This agreement specifies the responsibilities of HSD & the LEA and/or REC concerning program administration, billing, payment & program parameters.

Contracts will be drafted by the SWREC Medicaid Financial Coordinator & sent out for e - signatures prior to start of new fiscal year or prior to billing in the following order:

MEDICAID CONSENT FORM

I, , the parent/guardian of [REDACTED] child, have been fully informed of all services that my child will be receiving and agree to have Medicaid billed for such services. **The District is required to obtain Parent/Guardian Consent prior to accessing the parent/child's public benefits through Medicaid for the first time, and annually thereafter.** Consent is voluntary and may be revoked at any time. If consent is revoked, it is not retroactive. I understand that if I refuse to allow access to Medicaid benefits, my child's school is not relieved of its responsibility to ensure that all required IEP services are provided at no cost to me. My signature below grants this consent.

Consent for Medicaid School Based Services

New Mexico School districts may bill Medicaid for health/health related services documented in the child's/student's Individualized Education Program (IEP). In order to bill Medicaid, parent(s)/guardian(s) must be fully informed of these IEP services, as well as their frequency and duration. The district must provide written notification to the child's parent/guardian before accessing a child's or parent's public benefits or insurance (e.g., Medicaid) for the first time. Written notification must be provided annually thereafter. Districts need only obtain parental consent one time. These guidelines are set forth herein and in 34 CFR 300.154(d)(2)(iv) & (v). Questions/Comments: contact School and Family Support Bureau, Medicaid in the Schools Program: 505.827.1804.

Parental one-time consent for services for which Medicaid will be billed:

I _____, parent/guardian of child, _____, have been fully informed of all services listed in my child's IEP and agree to have Medicaid billed for these services. In order to bill Medicaid, I consent for my child's name, date of birth, Medicaid number, IEP services provided to my child, dates covered and the code for the type of service to be given to the Medicaid agency (New Mexico Human Services Department) for payment.

I understand that:

- my consent is voluntary and may be revoked at any time;
- revocation of consent is not retroactive; and
- refusal to allow access to Medicaid benefits does not relieve my child's school of its responsibility to ensure that all required services included in my child's IEP are provided at no cost to me.

LEAs and/or RECs participating in the MSBS program must require certain staff to participate in a quarterly time study that covers the period for which claimed direct medical service & administrative activities were performed. This time study, in turn, provides the basis for calculating amounts owed to the districts for these activities in the annual cost settlement report & quarterly administrative claims.

The SWREC Medicaid Team will need a list of all eligible employees that can be claimed on the Administrative Claim.

Note: Participants cannot be 100% federally funded. (Unless Ancillary)

Below are examples of those that can be claimed:

Direct Service Providers

- Occupational Therapy
- Physical Therapy
- Speech Therapy
- Social Work
- Psychology/Psychiatrist
- Audiology
- Nursing

Administrative Staff

- Special Education Director
- Special Education Secretary
- Special Education Teacher
- IEP Facilitator
- Guidance Counselor
- Nurse Assistant
- Educational Diagnostician

Random Moment: 02:50 PM on 08/08/2023

You have been selected to participate in a Medicaid School-Based Services (MSBS) Random Moment Time Study (RMTS). To participate in the Time Study, you will need to respond to an online survey. Your participation is required and should take no longer than a few minutes to complete.

In order to complete the Random Moment Time Study, you will need to go to www.fairbanksllc.com and select CLIENT LOGIN. You will then need to log in with the information below and answer a few short questions to report the activity you were performing at your sampled moment of 02:50 PM on 08/08/2023.

Username: vvacant22635

Password: pan39ace

If you do not have access to a computer, you can complete the survey by calling Fairbanks directly at (877) 340-1453. Please call or email Fairbanks at info@fairbanksllc.com with any questions.

RMTS Sampled Participants – RMTS Training Screen

The training and instructions page is provided for sampled participants to understand the appropriate completion of the RMTS. Fairbanks Central Coders are used to apply Medicaid activity codes, and therefore participant training is focused on the accurate completion of the RMTS process.

RMTS Training & Completion Instructions

You have been selected to participate in the Random Moment Time Study (RMTS) on behalf of your district. You are required to complete the following Time Study screen, which is a short survey requesting responses for your sampled date and time: (a) were you working at the time of your moment, (b) who was with you, (c) why were you performing this activity, (d) what were you doing, and (e) confirm if this activity was performed in accordance with a student's care plan. The specific information that you provide is used to determine what you were doing at your selected moment and will be reviewed by Fairbanks personnel. As a result, it is important that you complete the Time Study accurately.

The following provides training and guidance on the accurate completion of the Time Study:

1. Please keep in mind that you are responding for one precise minute in time. Document what you were doing at the sampled date and time.
2. Responses will be requested via a combination of free-form text boxes and dropdown menus. If you do not see an applicable response option in the dropdown menu, select "Not Applicable (N/A)".
3. Your activity description should be approximately two to four sentences and include a detailed response of what you were doing. Please keep in mind the person coding your moment has no idea of your job description, the tasks you perform, or why you perform them. It is up to you to provide the information needed for those independent coders to accurately code your response.
4. If you use acronyms in the description of your activity, please provide a definition of the acronym.
5. If you were with a student, do not provide student-specific names; instead your response can state that you were working with a student or group of students.

RMTS Training Screen Continued

6. If you were performing a direct service or an activity in preparation or conclusion of the direct service (such as paperwork and travel) at the time of your moment, ensure the appropriate documentation is retained on behalf of the district to support the activity in the event of an audit.
7. If you were not working, please indicate if it was paid or unpaid time-off.
8. If you work for multiple districts, please note the following: If you were working at the district listed on your time study, please document what you were doing at the time. Otherwise, please respond indicating you were not working and it is unpaid time off.
9. If you were participating in training, please indicate the topic of the training.
10. Some responses do not provide enough description for coding purposes. Examples of unacceptable responses:
 - "I was doing my job."
 - "I was completing my job responsibilities."
 - "I was completing this time study form."
11. If insufficient information is provided, you will receive a follow-up email or phone call requesting more information.

Please click on the button below to indicate that you have read the above training/instructions and to continue to the RMTS survey.

RMTS Sampled Participant – RMTS Survey Screen

The RMTS screen includes five questions necessary for the sampled participant to complete:

1. Were you working at the time of your moment?
2. Who was with you?
3. What were you doing?
4. Why were you performing this activity?
5. Please confirm if this activity was performed in accordance with one of the following:

The system provides a pulldown menu for the first and last questions. The other questions require a written response from the sampled participant to provide sufficient detail for coding purposes.

MAXCAPTURE

What is MaxCapture?

The Sivic Solutions Group (SSG) Service Capture system, know as MAXCAPTURE, is an application designed to assist service providers with the documentation of services.

Documentation must include the following:

- Recipient's name, DOB, & Medicaid number
- Date & location of the service
- Description of the service provided - this is to include the diagnosis code & level of service
- Signatures & credentials of the rendering provider(s): under the supervision of another provider, the supervisory staff can approve service notes

[Documentation should support the medical necessity of the service in accordance to policy.](#)

FREE CARE

In December 2014, CMS issued State Medicaid Director Letter #14006 which stated that states were now allowed to seek reimbursement for services that had previously been ineligible for billing under what was known as the “Free Care Rule”.

- This rule previously stated that if a service was provided free-of-charge to Medicaid beneficiaries and others, then Medicaid reimbursement could not be sought.
- Goal was to facilitate and improve access to quality healthcare services and improve the health of communities.
- Services provided by schools outside of an IEP/IFSP may be billable to the Medicaid program; a particular focus is on Nursing and Behavioral Health services.
